The Building Inspection Department issues and regulates the licensing and registration of contractors and trades people in the various fields for the City of Great Bend. All contractors are required to be licensed prior to working in the City of Great Bend.

The following license types for the City of Great Bend require individuals to provide proof of test scores prior to being issued a license and authorized to work within the City of Great Bend:

- Class A General Contractor
- Class B Building Contractor
- Class C Residential Contractor
- Class D Roofing Unlimited Contractor
- Class F Roofing Limited Contractor
- Master Electrician
- Journeyman Electrician
- Master Plumber
- Journeyman Plumber
- Master Mechanical
- Journeyman Mechanical

Individuals seeking out one of these license types must provide proof of test scores when applying for their license with the City of Great Bend. Each license type requires different exams. The testing information contained within this brochure will help guide individuals on which test needs to be passed to meet the City of Great Bend's licensing requirements.

The various tests discussed in this brochure indicate one of two test taking options. The information below will help guide individuals in locating and scheduling their required exam.

#### **International Code Council**
